Show me a sign to help me figure out this life of mine.
D7   **G7**   **C**
Where will I go when I die?
C   **E7**   **A7**   **D7**
Will there be angels in white watching over me? Maybe

G7
They might take a liking to me...

                E7   **A7**
Chorus: In this big, wide world I feel so small,
              D7   **G7**
              Inconsequential and all.
              C   **E7**   **A7**
              So, throw me a bone. Give me a clue, what will I do?
              D7   **G7**   **C**
              Where will I go when I'm gone?

C   **E7**   **A7**
What should my testimonial reveal about me?
D7   **G7**
"She did the best with what she had?"
C   **E7**   **A7**
Might I be missed at the next family reunion party?
D7   **G7**
Will someone please bless my soul?

                E7   **A7**
Chorus: In this big, wide world I feel so small,
              D7   **G7**
              Inconsequential and all.
              C   **E7**   **A7**
              So, throw me a bone. Give me a clue, what will I do?
              D7   **G7**   **C**
              Where will I go when I'm gone?

C   **E7**   **A7**
Will I go down, down, down engulfed in the flames of Hell?
D7   **G7**
Shall I wish you all fair thee well?
C   **E7**   **A7**
I'm contemplating sitting up all night and meditating
D7   **G7**   **C**
Until the morning light.

                E7   **A7**
Chorus: In this big, wide world I feel so small,
              D7   **G7**
              Inconsequential and all.
